Subject: CES Removal
Date: Monday, December 29, 2014 11:53:00 AM

I spoke with the attorney representing Lubrizol. He wanted to know the status of the cleanup. They are interested in taking over the removal through the Voluntary Cleanup Program. Also, do we have a public/informational meeting scheduled? If so, when? Any help is appreciated. I'm in the office today and Friday only this week.
